SEE THE CITY FROM A
DIFFERENT PERSPECTIVE

WELCOME TO
**KIRKSTALL
FORGE**

A DIFFERENT VIEW

It pays sometimes to look at things differently. Kirkstall Forge offers a unique proposition for commercial occupiers. City centre? Out of town? That's no longer the only choice. Kirkstall Forge represents the best of both.

Kirkstall Forge is a fresh alternative to the city centre. It offers a wide range of amenities nearby and a dedicated railway station, but it occupies a tranquil waterside location, surrounded by protected woodland.

On the other hand, for businesses considering an out-of-town location, it offers highly flexible accommodation and rapid access to the centres of Leeds and Bradford, but without compromising on the quality of the environment.

For occupiers willing to take a different view, Kirkstall Forge is a truly unique location whichever way you look at it.

THE BUILDING

Great design is at the heart of the vision for Kirkstall Forge. Number One is the first of three office buildings that will set the standard for this prestigious development.

The office entrance opens onto a landscaped public square adjacent to the Kirkstall Forge railway station. Designed with a contemporary steel and glass frontage, the arrival experience is defined by a spacious double height atrium space.
