Description

The property comprises an end of terrace trade counter / warehouse which has been built around a steel portal frame under a metal clad roof incorporating approximately 10% translucent roof lights.

Internally, the warehouse area benefits from a minimum eaves height of 5.9m (19ft 3"). There are ground floor offices and multiple WCs at ground floor level. Additionally, there is further storage space at mezzanine level.

Loading is provided via a single surface level electric loading door and a separate pedestrian entrance, both situated at the front elevation of the property.

Externally, the property benefits from its own allocated loading forecourt and allocated car parking.

We understand that the property benefits from the full suite of E, B2, and B8 planning consents.
