St. Modwen Park is the first phase of employment land to be released as part of the wider Stanton Cross development which is a flagship mixed use development for Northamptonshire, promoted by Bovis Homes and their commercial development partner St. Modwen. Located on the eastern edge of Wellingborough, it will see more than £1bn invested in the town.

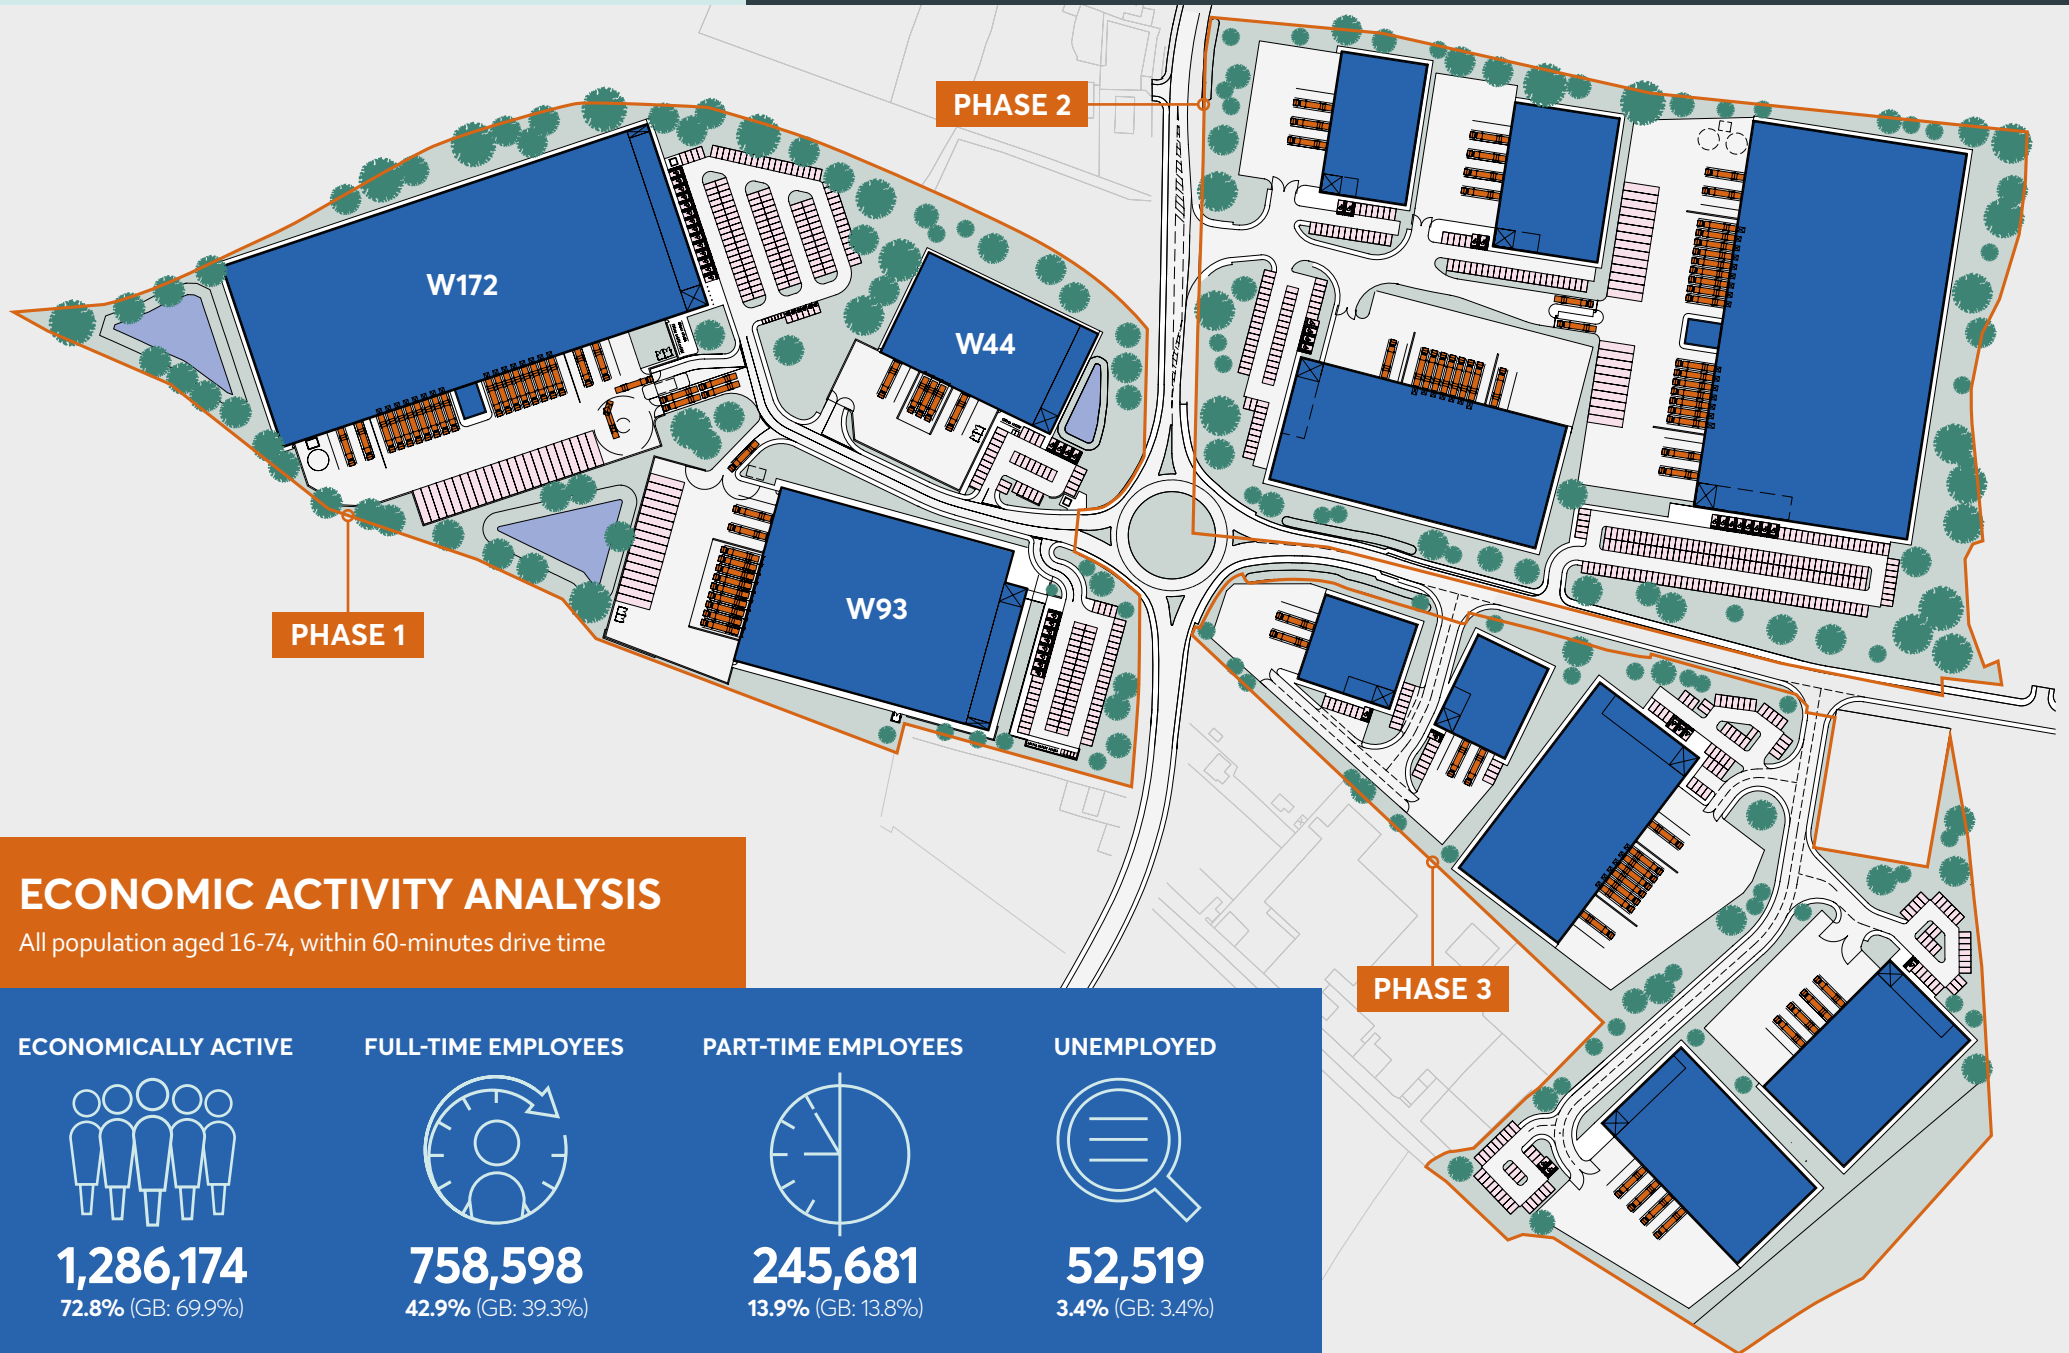

Once complete, along with 3,650 new homes and community facilities, it will provide more than 1,500,000 sq ft of industrial, leisure, retail and office space, delivering around 3,000 new jobs.

Stanton Cross will become a thriving commercial hub, providing flexible space for businesses ranging from international companies, to local start-ups.

Phase 1 at St. Modwen Park Wellingborough is located adjacent to the A510 (Finedon Road) and once complete will provide three new bespoke industrial/distribution units within a strategic location at Stanton Cross. Detailed planning consent has been granted and infrastructure works have commenced on site.

Subsequent phases will offer the potential for units sizes from 16,000 sq ft.
