Harrogate 47 Masterplan -
Development Zones

Situation

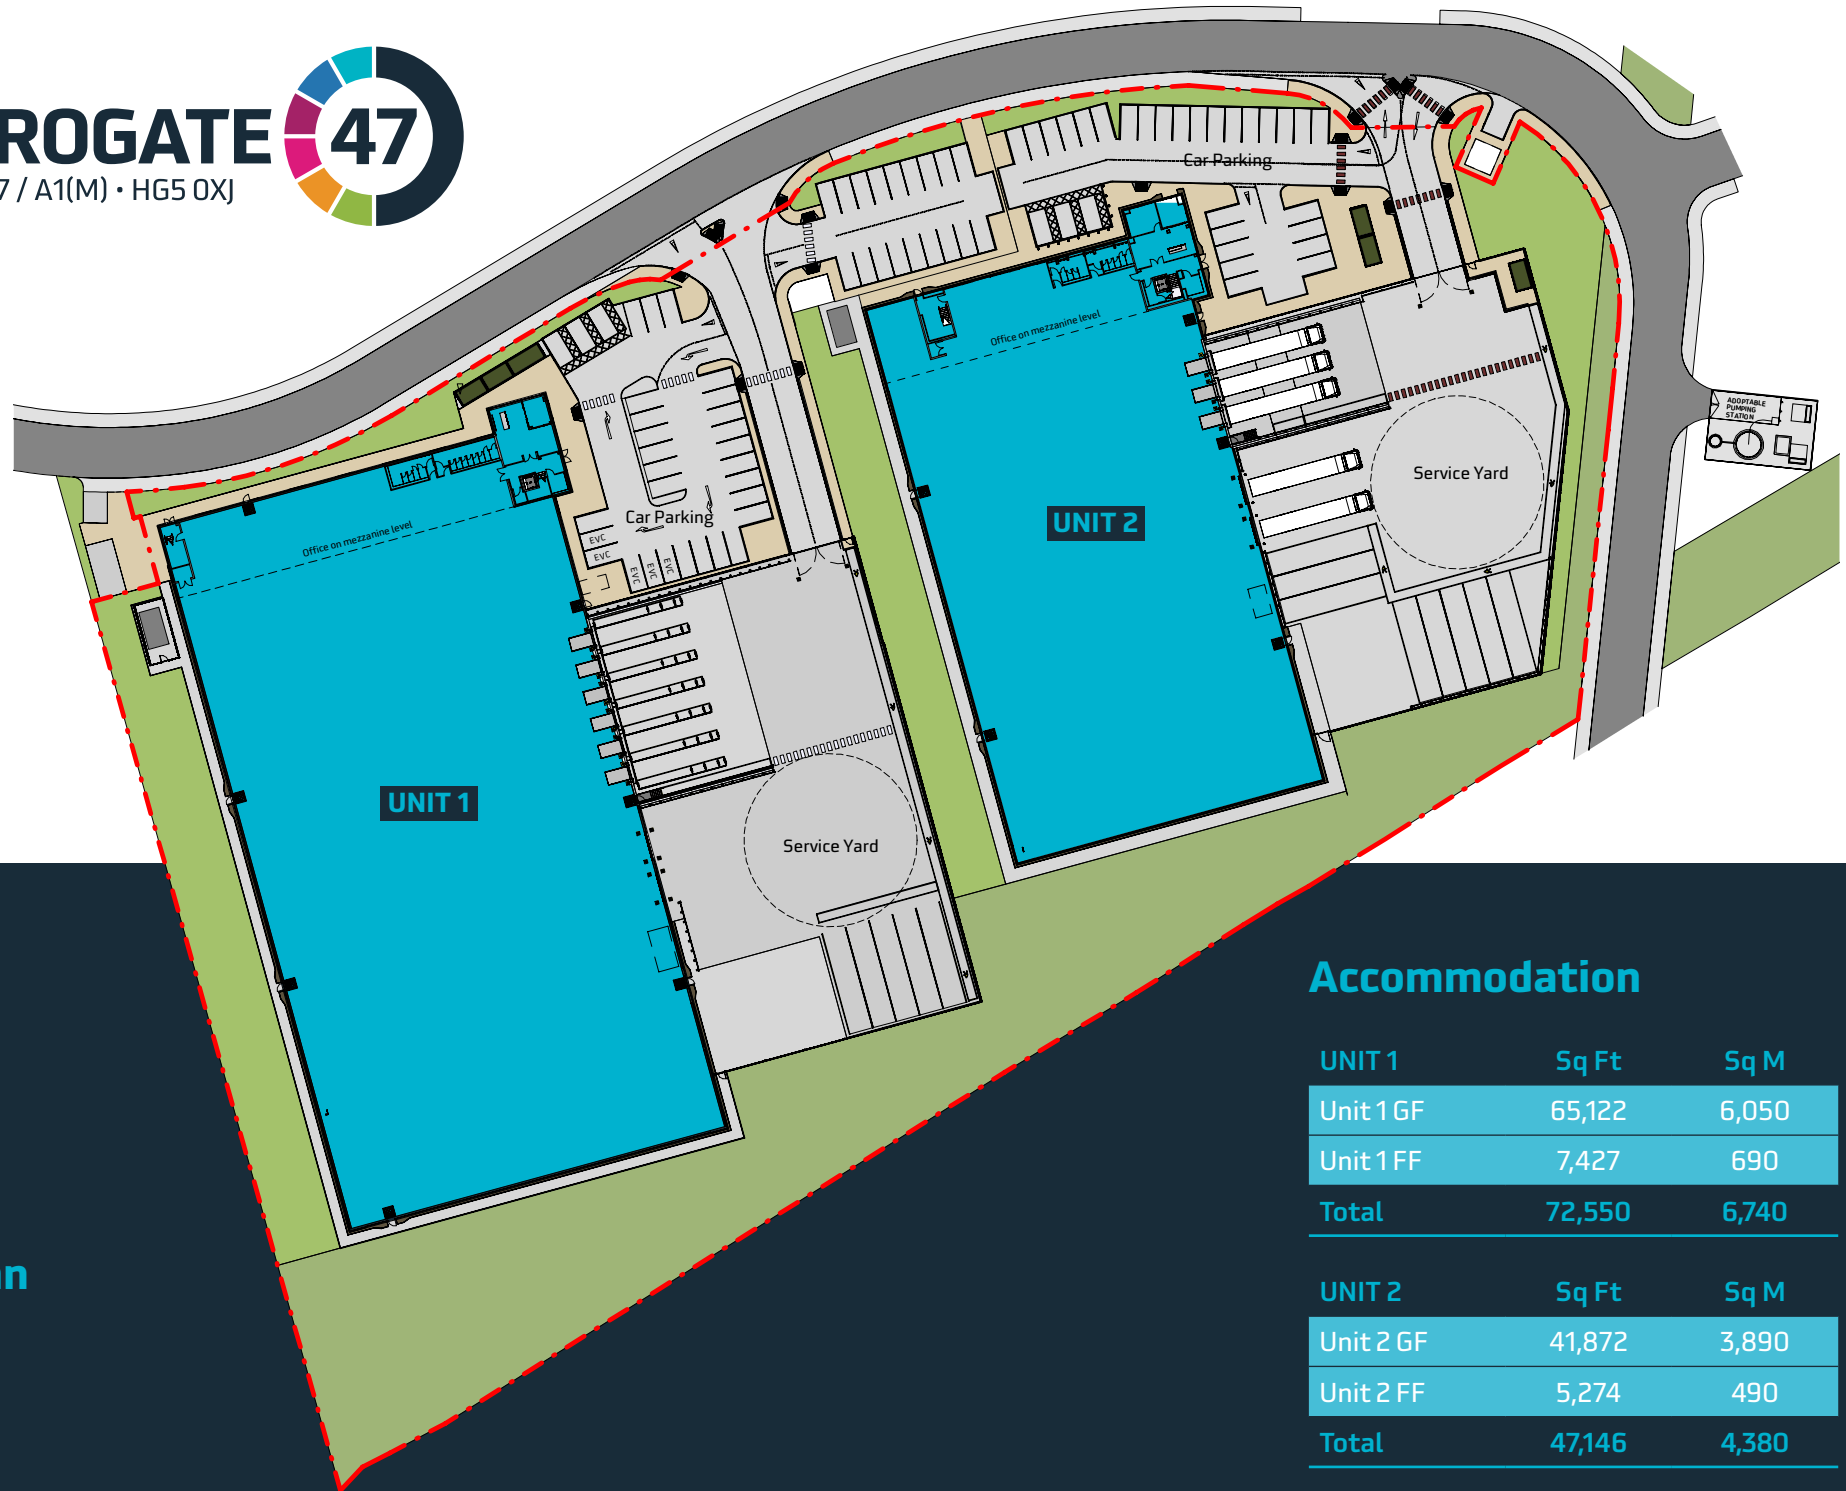

The site is a key development and employment opportunity within the context of the region, with the installation of a new access road now facilitating the opportunity for development to commence.

Units 1 and 2 will form part of the wider Harrogate 47 development, where smaller industrial units, office accommodation and amenity are also planned, creating a total developable area in excess of 630,000 sq ft, which has the potential to support over 2,000 jobs and become the premier development in the region.
