SUSTAINABILITY

FUTURE THINKING

As part of the Henry Boot Group, HBD are helping make a real difference to our places, people, partners, and the planet; including our collective ambition to be Net Zero Carbon by 2030. This is no different here at TWO45, where we are committed to delivering a sustainable place in which occupiers can prosper long into the future.

20 EV charging points (plus capacity for additional 20)

Bike parking

Shower and changing facilities

Biodiverse landscaping and pond

ABOUT US

HBD create some of the UK's best industrial and logistics destinations. With a track record of successfully transforming unloved sites into thriving commercial hubs, we're well known for delivering sustainable places with purpose, where local and global brands can maximise their potential.

This is because of our commitment to developing lasting property solutions that meet, and exceed, the needs of 21st century industrial and logistics occupiers, no matter how large or small. And our national reach means we can help them grow within our extensive portfolio too.

With history on our side, we're also proud to be part of the Henry Boot Group, who've been operating in land, property, and development for over 135 years. These long-term and well-funded foundations, combined with the experience and expertise of our people, provides a stability and confidence to deliver for all our partners.
