## Location & Connectivity

**Harlow is located in the East of England on a key axis 30 miles north of Central London and 35 miles south of Cambridge.**

Harlow is supported by high-capacity transport links giving it excellent connectivity to the UK and beyond. It is located 4 miles west of the M11, providing access to London and Cambridge and the M25 leading to the UK's wider motorway network. The town is strategically located just 1 hours drive from Central London.

Two railway stations serve Harlow, both of which travel to London Liverpool Street station (30 mins) and Cambridge Station (40 mins) with six trains to London per hour. Plans are being developed to connect Harlow's existing transport links to the TFL network, with an extension of Crossrail 2 into Harlow also under consideration.

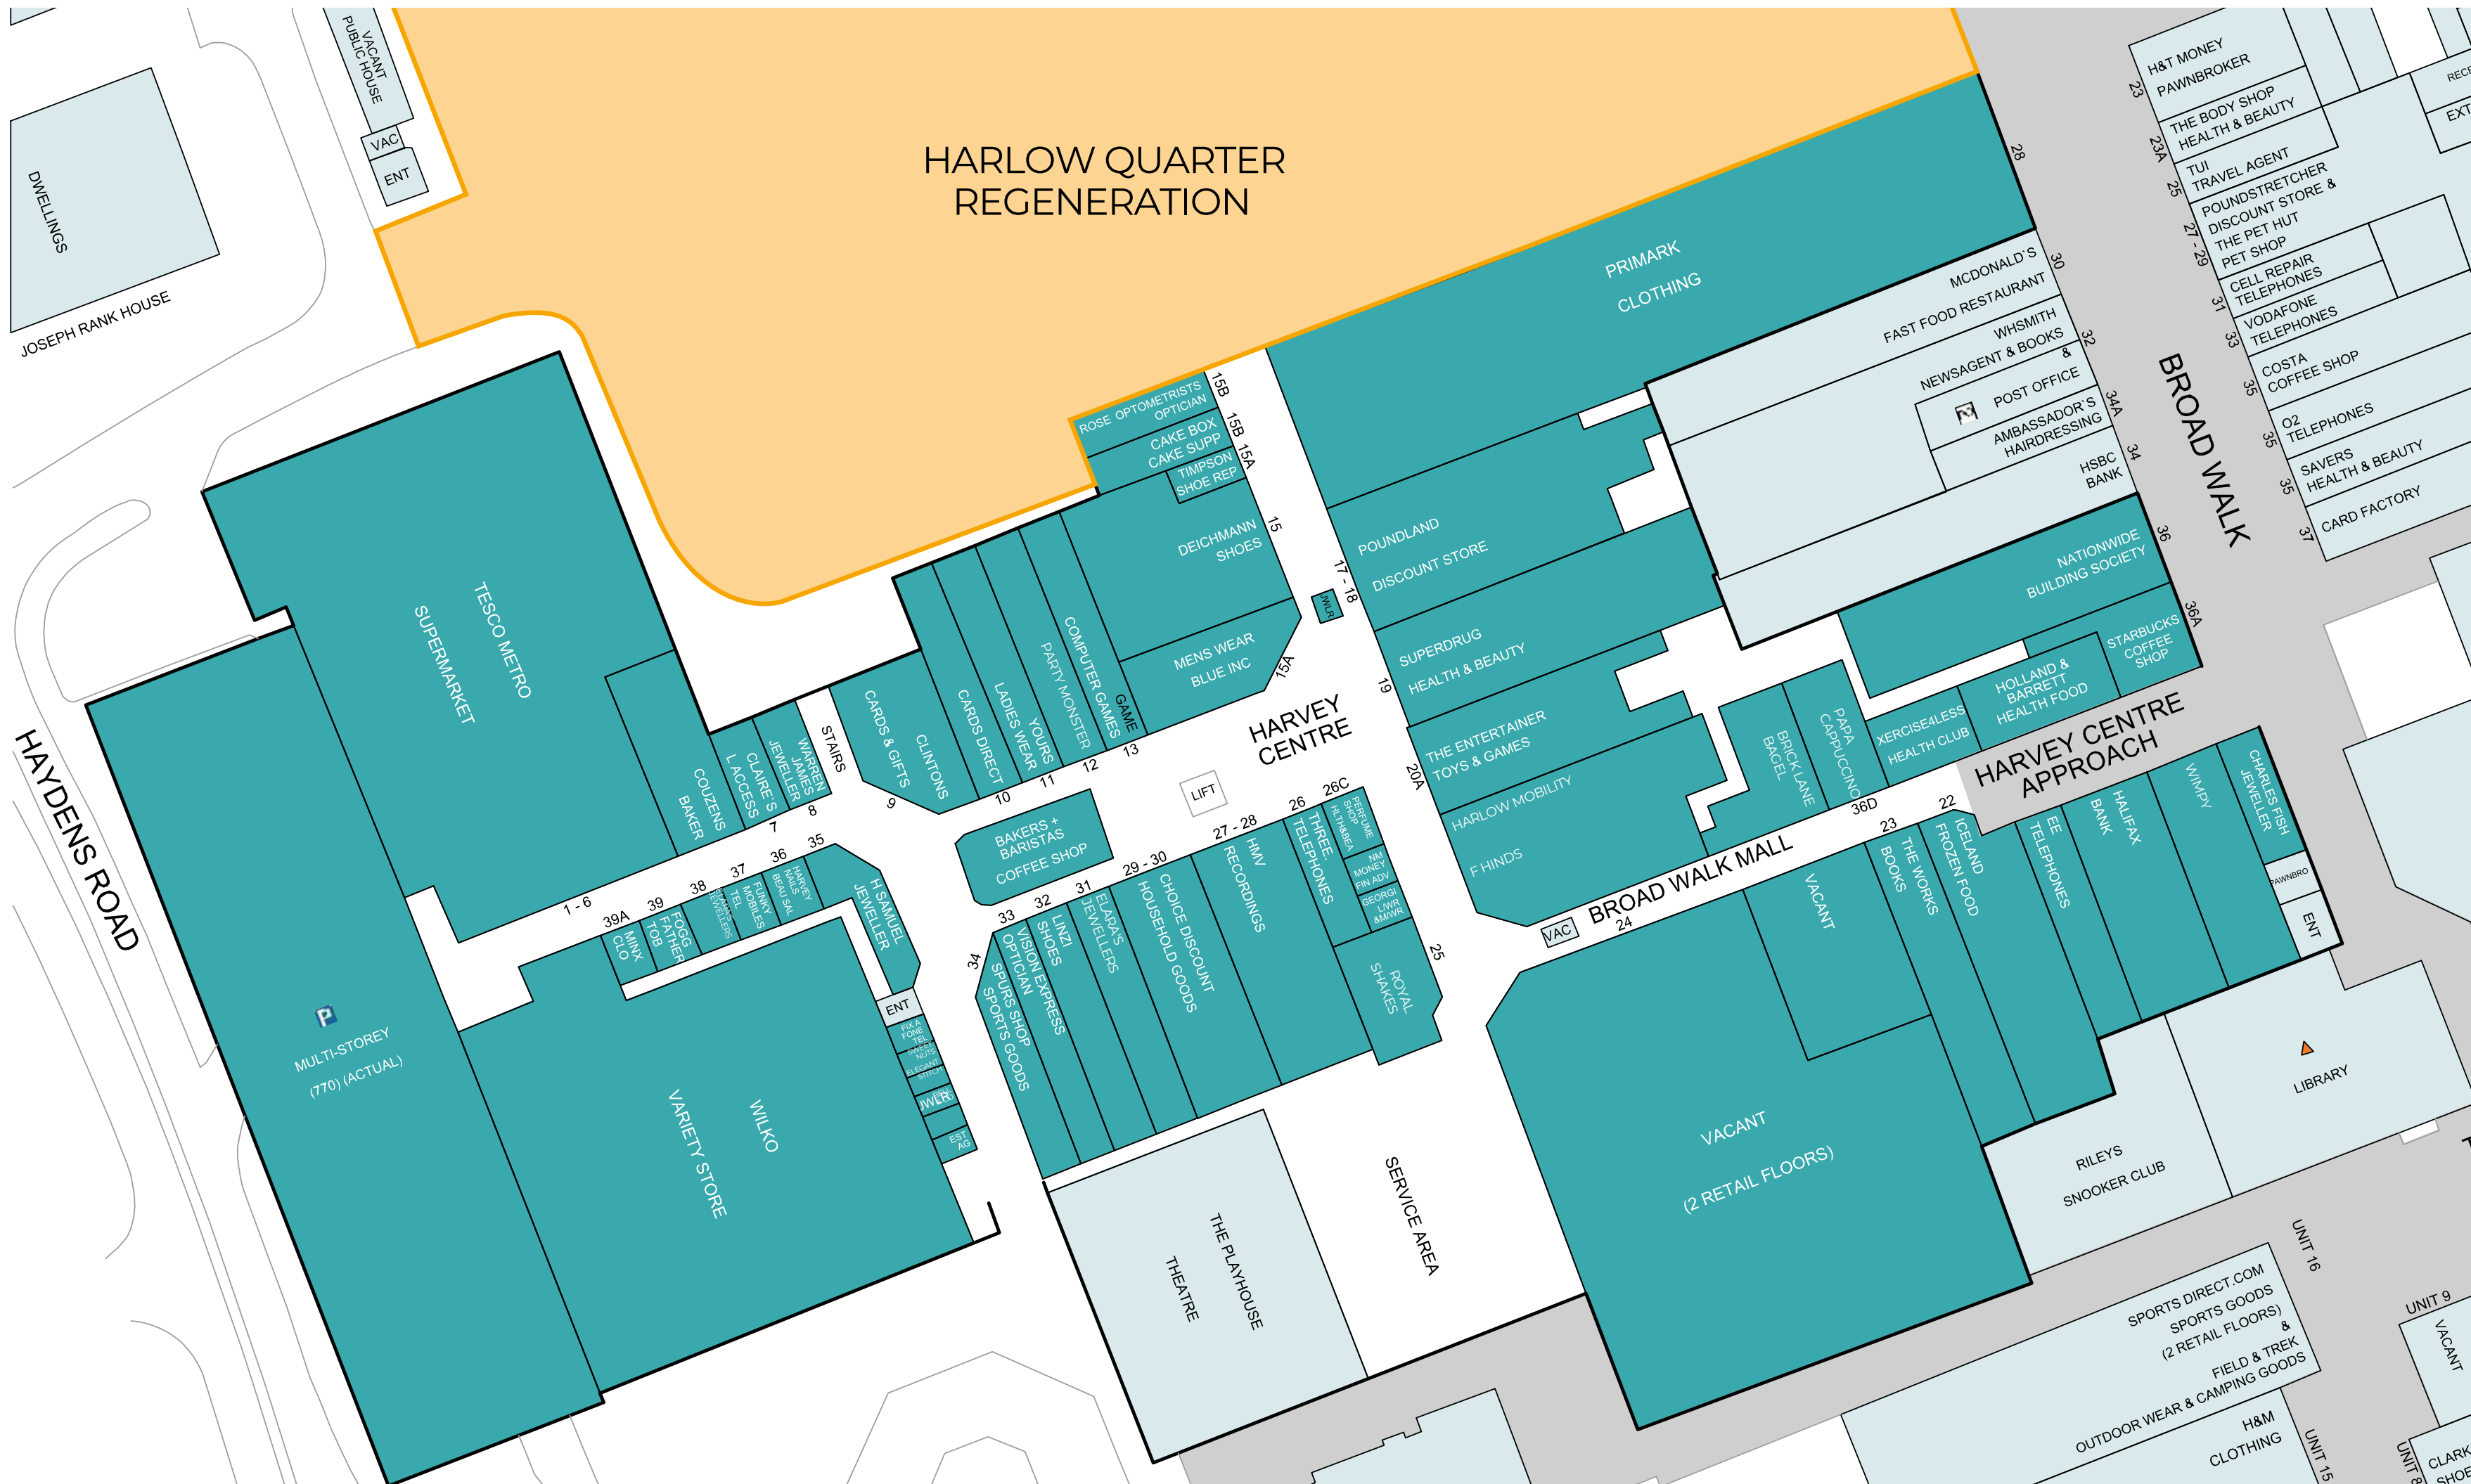

London Stansted Airport, a central transport hub serving 28 million passengers each year and employing over 10,000 people, is located 10 miles north of Harlow and is just one stop (or 19 minutes) away

via an express train. London Stansted has aggressive growth plans to grow passenger numbers to 35 million per annum by 2025 and 45 million per annum, along with an increase of 10,000 additional employees, by 2030 (London Stansted Airport). Owners MAG will also invest £130 million in a new arrivals building to improve passenger experience and better advertise the region.

London City Airport is 24 miles south, and Luton airport is 29 miles west of Harlow.
