

# TO LET

Substantial detached manufacturing/storage facility, with ancillary offices.  
875 to 3,693 sq m (9,418 to 39,750 sq ft)

**SHERSTON MILL**  
MALMESBURY, WILTSHIRE SN16 0NG

AVAILABLE IN PART OR AS A WHOLE - SITE AREA 0.72 HECTARES (1.8 ACRES)

## PROPERTY OVERVIEW

There has been a mill building on the site since 1872. The site has been used for a number of manufacturing processes since then, originally making silks, ribbons and later cotton.

During the Second World War, the building was used to manufacture paint for Spitfires.

The current owners purchased the property in 1969 and, in more recent years, the building has been used for the manufacturing of elastic products.

The majority of the original buildings on the site have been replaced over the years.

The property is situated within the conservation area for Sherston and overall in an area of "Outstanding Natural Beauty". The buildings themselves are not Listed.

## LOCATION

Sherston is well located in North Wiltshire. The village is 24 miles east of Swindon, the principal conurbation.

**Junction 17 of the M4** 7 miles to the east

**Junction 18 of the M4** 8 miles to the west

**Bath** 18 miles to the south

**Bristol** 34 miles to the west

**Cirencester** 18 miles to the north

Sherston Mill holds a prominent location on the western outskirts of Sherston, directly facing the B4040 Luckington Road. The property is within walking distance of Sherston High Street.

# SHERSTON MILL

MALMESBURY, WILTSHIRE SN16 0NG

## DESCRIPTION

Sherston Mill forms a substantial detached manufacturing/storage facility, with ancillary offices. The manufacturing/storage area is arranged in three principal bays. To the front of the site, there is a modern 3-storey office administration area.

Vehicle access is gained via a number of surface level loading doors. Outside there are parking and service yards to the front and side of the facility.

The building benefits from a substantial 3-phase electrical power supply, with distribution around the facility.

The manufacturing and office areas benefit from lighting and heating. The building is currently fitted with a fire-sprinkler system.
