

103
COLMORE
ROW

“Our vision was to create a landmark building worthy of the city and deliver an ultra adaptable and inspiring office environment for the occupiers of today and tomorrow”

Ross Kerr Architect

The Birmingham skyline *redefined*

Bold and iconic, 103 Colmore Row commands the local skyline as the tallest office building in Birmingham. A beacon inviting global business to experience state-of-the-art office space at the heart of a resurgent UK.

The building also offers three floors of dedicated flexible work space along with an 18th floor terrace and communal business lounge with exceptional views over Birmingham.

Convenient location 3 minutes walk from both Snow Hill and New Street Train stations

Three floors of dedicated flexible work space

A building at the forefront of *District Energy*

103 Colmore Row is the first commercial office development in Birmingham's central business district to benefit from the city's District Energy Scheme. The scheme is a pivotal part of Birmingham City Council's climate change strategy, which aims to cut CO2 emissions by 60 per cent by 2027.

The council has partnered with ENGIE, one of the UK's largest independent energy producers, who deliver heating, cooling and power to buildings across the city. Power is produced by low and zero carbon technologies.

Enjoy the local life

Colmore Row and its adjoining streets have been the business centre of Birmingham since the 1850s. This is where you'll find the city's best choice of shops, pubs and restaurants. Colmore Row has been a conservation area for 40 years, which has helped to preserve its unique character and style. It is also a Business Improvement District under pro-active management, to ensure it never stands still.

“With coffee shops making up 41 per cent of its drinking establishments, Brum ranks fourth highest in Britain as one of the leading ‘coffee culture’ cities”

Birmingham Live Website

4 STOREY WINTER GARDEN

Arrive *in style*

103 Colmore Row offers visitors an arrival experience unlike anything else in the city. A visually stunning quadruple height winter garden leads into a bright reception area offering concierge, breakout areas and superfast guest wifi.

“Coming together is a beginning, staying together is progress, and working together is success”

Henry Ford Industrialist

More than just a building

103 Colmore Row is more than just Birmingham's tallest office building. The day-to-day hustle and bustle within represents an opportunity for organisations, and individuals alike, to build new relationships and be a part of a wider community. A busy hub for socialising in and around work, numerous breakout and communal areas encourage social interaction, bringing people together from a wide range of backgrounds and disciplines, enabling new avenues of thought and fresh perspectives.

EASILY CONNECT
MULTIPLE FLOORS WITH
A STAIRCASE

Create the space your business needs

Unlike the rigid floorplates found in the more outdated office space in the city, the modern design of 103 Colmore Row offers the flexibility to configure floorplates bespoke to the size of your business. Create rooms, or breakout areas to suit the way you work. Larger organisations may want to vertically connect floors via a staircase, making the space more cohesive. 103 Colmore Row gives you that flexibility.

Gain a *clearer perspective*

Be inspired and feel on top of the world

As Birmingham's tallest office building, occupiers of 103 Colmore Row are treated to unrivalled vistas of the cityscape and beyond. Thanks to its contemporary fully glazed façades, tenants across all floors will enjoy a panoramic outlook and an abundance of natural light creating an inspiring working environment.

“Your work is going to fill a large part of your life, and the only way to be truly satisfied is to do what you believe is great work”

Steve Jobs Tech Visionary

Dedicated flexible work space by **x+why**

x+why – Flexible workspace provider

x+why are providing three floors of flexible workspace consisting of private offices, dedicated desks, and coworking, as well as bookable meeting rooms, mission rooms, phone booths, breakout spaces, and amenities.

Members of the space are part of an active and collaborative community of like-minded, purpose-driven businesses, and will have access to a cultural programme of purpose-related events and workshops.

Tenants of 103 Colmore Row are able to enjoy bookable meeting rooms and events spaces, as well as access to the events and wellbeing programme run by x+why.

People, Planet, Profit

x+why is a flexible workspace provider with a difference – believing that advancing people and planet as well as profit goes beyond responsibility; it makes exceptional sense. As a Certified B Corporation, x+why are on a mission to change the way the world works for good by challenging and disrupting the workplace sector and building and supporting a community of purpose-driven companies that believe business should be a force for good.

All of the x+why spaces are designed and operated as industry-leading green workspaces. From the fixtures, fittings and furniture, to the complimentary tea and coffee, and the art on the walls, everything is designed in collaboration with trusted purpose-driven brands.

18th Floor and Terrace

Members Club

x+why are also managing the 18th Floor and Terrace, an exclusive members club available on application to tenants of 103 Colmore Row (for an additional fee).

Club Members and their guests can enjoy:

- Free meeting room use
- Private dining
- A private bar
- Concierge
- The exclusive 18th floor Terrace with impressive views across Birmingham's skyline
- A range of work areas.

Events and Boardroom for all Tenants

x+why are also using part of the 18th Floor for their wellbeing and events programmes to inspire all tenants of 103 Colmore (not just Club members) and make use of the amazing terrace. This events space is bookable for private hire with onsite food and beverage to create the perfect experience.

Finally, the 18th Floor also has a boardroom with views across the Birmingham skyline with private dining available. This is available to all tenants on a pay as you use basis using the 103 Colmore App.

All tenants of 103 Colmore Row are able to attend the wellbeing and events programme on a managed basis (through the 103 Colmore App).

eighteen

Welcome to Eighteen, an exciting new way of working at 103 Colmore Row where Club Members and their guests can enjoy benefits including: private bar & dining, a range of work and break-out areas, free meeting room use and access to the exclusive 18th floor Terrace with impressive views across Birmingham's skyline.

Above *and* Beyond

Experience life at Eighteen; the 18th floor terrace, workspaces and business lounge – offering day to day breakout spaces with a difference. Members benefit from unrivalled views of Birmingham along with flexible work spaces, café, dining and bar facilities making it arguably the most enviable event space in the city.

Dr Suess Author

“Technology is best when it brings people together”

Matt Mullenweg Social Media Entrepreneur

The 103 Colmore Row Digital layer combines industry leading property and facilities management functionality, together with native iOS and Android mobile applications; offering an occupier experience and engagement approach which is above all else.

HIGH IQ

THE 103 APP
Key features include:

Frictionless door and speed gate access

Meeting room and amenity booking capabilities

Guest arrival management

Occupier directory

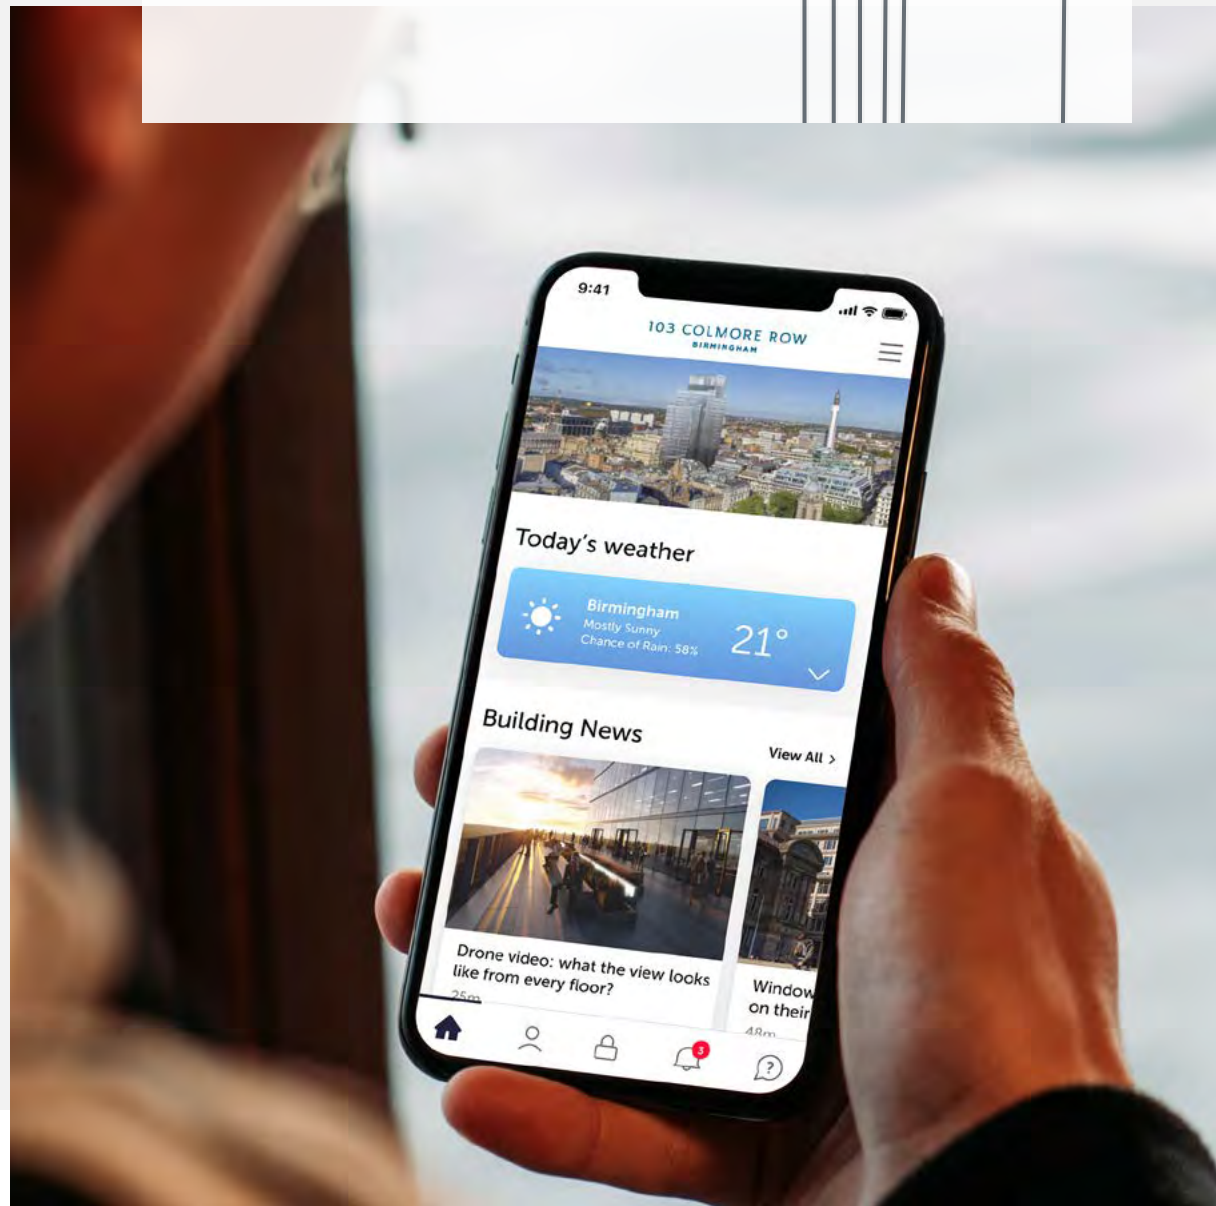

Community news, lifestyle services, events & exclusive offers

Transport & weather information

Smart tech for a smart building

The bespoke and thoughtfully curated 103 app can assist building management and also provide services and building information to individual users. It's flexible to become bespoke or adapt to the ever changing working environment.

NODE is a plug & play communications interface, by way of a landlord controlled comms room hosting a NODE connectivity solution, delivered through a custom designed, central nervous system for the building.

This creates a secure, fully managed/ serviced supplier agnostic network, expediting occupier connections and maximising price competition/ value for the end user.

Node: the future of building connectivity

Key NODE tenant benefits:

Rapid Installation Timescales

NODE engage ISPs in advance of practical completion, significantly reducing the installation timescales or removing the lead-in to tenant activation entirely.

Independent, Marketwide ISP Access

NODE is an agnostic service provider and facilitator. Any pre-existing or new ISP is able to be accommodated and hosted by the NODE Hub, creating competition and driving-down price to the business consumer.

Resilience and Contingency

A single source for short term and permanent solutions to ISP failures, minimising all connectivity related business risk.

Digital and Infrastructure Consultancy

Independent, market leading advice from some of the best minds in the prop tech and connectivity industry.

Industry Leading Intellectual Property

The assurance that a tenant's leasehold commitment will remain at the leading edge of information technology provision and the best connected occupational demise in the market.

Customer Service

Management, security and problem solving in real time, with all costs being inclusive to the landlord service charge.

OUTLINE SPECIFICATION

12 lifts including two dedicated lifts serving the roof top restaurant

BREEAM accreditation of Excellent with an EPC Rating A

WiredScore rating of Platinum - reducing on site power demand

Metal tiled ceiling incorporating 1200 x 300 flush mounted LED luminaires

Raised access flooring throughout - 150mm

Heating and cooling is provided to office areas by a 4-pipe system with FCU controls

Floor loading 3.5 kn/m² (plus 1 kn/m² for partitions)

Office Fresh Air Ventilation - 12 litres per person

Shower and changing facilities run by the building, for the building

24 car parking spaces with dedicated charging points and 3 motorcycle spaces

92 cycle spaces - for those that prefer to ride to work

Designed to accommodate 24-hour, 7-day-a-week access

THE FINER DETAILS EXCELLENCE AS STANDARD

The development has achieved:

- A BREEAM Accreditation of Excellent
- EPC Rating A
- WiredScore rating of Platinum

Introduction

- The building has been developed generally in accordance with the guidelines set out in the British Council for Offices Design Guide 2014
- The development has a gross external area of approximately 35,000m². Above ground there are 20 floors of office space together with a double height restaurant at floors 23 and 24. The building is generally serviced from the basement and upper floor plant areas at floors 21 and 22

Office Fit-Out

- Office areas are fitted to Category A standard including all building services
- The ceiling comprises of perforated metal tiles incorporating 1200 x 300 flush mounted LED luminaires
- Raised access flooring - 150mm
- Heating and cooling is provided to office areas by a 4-pipe system with FCU controls zoning 6 metres wide and 4.5 metres deep at perimeter
- 103 Colmore Row has 12 lifts including two dedicated lifts serving the roof top restaurant and a single 30-person/3,000 kilogram goods lift. There is also an additional passenger lift access to bicycle and car parking levels
- Separate male and female changing facilities and shower cubicles located at basement level plus WC's, drying room and cleaners cupboard

Occupational Criteria

- The building has a means of escape occupancy ratio based on 1-person per 6m² for the office accommodation
- Toilet accommodation is provided at the density of 1-person per 10m² in an arrangement of unisex super loos
- Lift installations provide for an occupancy of 1-person per 8m² on floors 1 - 11 and 1-person per 10m² on floors 12 to 20 inclusive
- The cooling and heating systems are based upon 1-person per 8m² for floors 1 - 11 and 1-person per 10m² for floors 12 - 20
- The building is designed to accommodate 24-hour/7-day-a-week access
- Floor loading - office accommodation 3.5 kn/m² (plus 1 kn/m² for partitions)

Building Services Criteria

- External design conditions - Summer 28°C / Winter -4°C
- Internal design conditions - Office area: Summer 22°C / Winter 22°C
- Office Fresh Air Ventilation - 12 litres per person
- Tolerances - based on room temperature plus or minus 2°C at point of measurement
- Lighting
 - Office areas: 375 - 400 lux
 - Toilets: 200 lux
 - Staircases: 100 lux
 - Reception: 200 - 300 lux
 - Car Park: 75 lux

A MOST CONNECTED LOCATION

Favourably located at the heart of the UK's connectivity infrastructure, Birmingham benefits from unrivalled connections to key regions throughout the country, as well as providing quick international links via its airport. The city also benefits from the new HS2, offering journey times to London in less than 50 minutes. New Street and Snow Hill stations are both just three minutes walk away, and the newly extended Metro unlocks other areas of the city. By road, Birmingham is the hub of the UK's motorway network, with the M5, M6, M40 and M42 all readily accessible.

A high speed revelation

High Speed Two (HS2) is the new high speed railway connecting eight out of ten of the UK's largest cities. With 25 stations, it will vastly improve connectivity between the North, the Midlands and the South, cutting many journeys by half. Sitting at the heart of the high speed rail network Birmingham's new Curzon Street Station will be one of the most environmentally friendly stations in world when complete and will have nine trains per hour running in each direction.

AROUND 7 HOURS DIRECT TO DUBAI

Just six miles away, Birmingham Airport is easily accessible from 103. Handling over 12 million passengers in 2019, the airport offers direct flights to destinations across Europe and beyond, with easy connections to the US, Asia and the rest of the world. Over £300m has been invested in the airport over the past decade, providing world class facilities and state-of-the-art infrastructure. It was named as the best large airport in the UK outside of London in *Which? Travel Magazine's 2019 Annual Airport Survey*.

Next level dining

103 Colmore Row blurs the lines between business and pleasure, offering a world class dining experience in a unique glass box in the sky. The new lantern restaurant is operated by global luxury restaurant and bar group D&D London.

D&D currently owns and operates a collection of 43 diverse restaurants, bars and one hotel based principally in London, but also with locations in Manchester, Leeds, Paris and New York. The London restaurants include Bluebird Chelsea, German Gymnasium, Quaglinos, Coq d'Argent and Sartoria.

The lantern restaurant on the 24th floor of 103 Colmore Row has a double-height space offering diners panoramic views across the city and beyond. The restaurant will be accessible from the ground floor brasserie via two dedicated lifts and will bring quality dining to a whole new level.

24TH FLOOR LANTERN RESTAURANT

Des Gunewardena, Chairman and CEO of D&D London is particularly excited about the new lantern restaurant at 103 Colmore Row:

"We have created some very beautiful restaurants both in the UK, and overseas in New York and Paris. But I honestly can't remember the last time I first saw the interior of a building that took quite so much of my breath away. This double height rooftop space is simply stunning. I hope our restaurant can do it justice"

"The restaurant will be something very special, a landmark venue for Birmingham and the Midlands"

Des Gunewardena D&D London

A winning team for an exceptional building
