## COMMUNICATIONS

Liverpool benefits from excellent communication links

### ROAD

The unit is situated approximately 6 miles (9.7 km) from Junction 6 of the M62 (via Expressway) and 8 miles (12.9 km) from Junction 12 of the M56. The M6 can be reached via the M62, M56 and M58. Manchester is within a 50 minute and Chester just 25 minutes' drive time. The second Mersey crossing between Widnes and Runcorn has further improved access to the wider road network.

### AIR

Liverpool John Lennon Airport is one of the UK and Europe's fastest growing airports. There are regular scheduled flights to over 60 domestic and European destinations, as well as charter flights. The growth of the airport has led to recent facilities including a new multi-storey car park, enhanced leisure facilities together with a Hampton by Hilton Hotel.

### SEA

The Port of Liverpool is ranked among Britain's major container ports and handles nearly 700,000 Teu's (20ft container units) a year. A post-panamax container terminal facility is also planned, which once complete will almost double Liverpool's container capacity to nearly 1,500,000 Teu's. Liverpool dominates Britain's container trade with North America and serves more than 100 other non-EU destinations from China to India, Africa, Australia, the Middle East and South America

In addition to the cruise liner facility there are passenger services between Liverpool and Dublin, Belfast and Douglas (Isle of Man). There is also a ferry across the Mersey to Wirral.

### RAIL

Liverpool has major railway connections with the main line station being Liverpool Lime Street. It is served by Virgin trains as well as regional and local trains, with approximate journey times of 40 minutes to Manchester, 1 hour 30 minutes to Birmingham and 2 hours 15 minutes to London Euston.
