- → Industrial / R&D (No B8)
- Units targeted for 2025 completion
- Excellent local labour pool with 307,075 economically active population within a 30 minute drive
- → A3 located 4 miles to the south

Summary

Available Size 20,000 to 150,000 sq ft

EPC Rating

Description

The site is made up of approximatley 21 acres and it is proposed that the landlord will develop a series of industrial/warehouse units with completion targeted for 2025. Consideration would be given to design & build units from 20,000 sq ft up to 150,000 sq ft and an indicative plan is included within these particulars. At this stage the landlord is willing to work with occupiers to deliver a unit which suits their exact requirements and specifications. A primary substation providing 6MVA (with capacity to extend to 20MVA) power will also be constructed on the site.

Location

Bordon is located 19 miles south-west of Guildford, 8 miles south of Farnham, 10 miles north of Petersfield and 53 miles south-west of London. The development site is located on Hudson Road and accessed via a mini roundabout off the town's new relief road (the A325).

The town enjoys good transport communications via the A3 which is about 4 miles to the south via the A325, which provides a link to the M25 at junction 10 about 32 miles to the north-east, or south-west to Portsmouth, Southampton and the south coast. The A31 is accessible at Farnham about 7 miles to the North. The nearest railway station is at Liphook about 4 miles away which is on the London to Portsmouth main line.

Planning

Under the currently adopted local plan the Louisburg North site is allocated for employment use (joint core strategy document between EHDC and SDNPA – map 5). Under the draft local plan for 2021-2040 the site is proposed for allocation as a strategic employment site (Whitehill & Bordon policy map / Chapter 12 W&B5 – North Louisburg Employment Proposal).

Whitehill & Bordon Regeneration Project

The Louisburg north site is part of the Whitehill & Bordon regeneration project, the redevelopment of the former Bordon Garrison will provide over 2400 new homes, a new town centre and employment space to provide over 3000 new jobs. Through the creation of different creative 'districts', the Whitehill & Bordon regeneration Company is developing the environments for a range of skilled, semi-skilled, service related, technological and creative jobs, building on the town's heritage of engineering, whilst embracing the high-tech connectivity infrastructure being delivered that will appeal to the growing digital and technology industries and promote social enterprise and entrepreneurship.

Many business zones have already been established around the town and as the regeneration project moves forward, more new work spaces will be delivered alongside the new homes, town centre and leisure spaces. This will include new start-up hubs, film studios, business parks and creative spaces.

Expressions of Interest

Expressions of interest are sought for individual units that will be designed and built to your businesses exact specifications. Further details on application.

Anti Money Laundering

To comply with Anti Money Laundering regulations, Curchod & Co undertake ID checks for all successful purchasers and tenants where legislation requires us to do so.
