\*BASED ON AS-BUILT PV YIELD FROM EPCA+ REQUIREMENT, ASSUMES 100% FULL ENERGY CONSUMPTION IN YEAR 1 AND UNIT RATE OF 30P PER KWH

# High performance **space** for your business

If you're looking for a **high-performing, sustainable building** that works as hard as you do, then look no further. **Unit C344** is a **highly sustainable warehouse** that will deliver benefits for your business, your people and the environment.

## An ideal location for the South West

Unit C344 is situated in St. Modwen Park Chippenham, a strategically located 78.2 acre development site at junction 17 of the M4. Offering excellent direct access to the national motorway network, Unit C344 offers occupiers an ideal opportunity in the heart of the South West's established logistics triangle.

\*data obtained using TM54 energy modelling software.

**50% of roof includes PV panels** as standard, generating energy savings of up to **£213,000 per annum.\***

**Smart LED lighting** helping you reduce energy consumption by **up to 75%**.

**15% roof lights** reduce the need for additional daytime lighting and provide a light, bright environment for your employees.

**BREEAM Excellent rating achieved** placing this warehouse in the top 10% of warehouses in the UK for sustainability.

With an **EPC A+ rating**, customers can lower their energy bills, all whilst delivering net zero carbon offices.

## Why choose Unit C344?

Ideally located for national distribution

Workforce catchment includes Bristol, Bath, North West Somerset, Wiltshire and Swindon

Strategically located adjacent to M4, J17

Chippenham main line rail station is just 11 minutes from Swindon and 22 minutes from Bristol

### **Localised workforce**

with a significant number of residents living and working locally with a self containment rate of 77%

### **Strong and diverse labour pool**

with a high proportion of people aged 16-44 (56%), of which 81% are economically active

### **Well connected to local transport**

with Chippenham rail station approximately 11 minutes from Swindon and public transport provision will include a bus service linking the site to Chippenham town centre and its surrounds

“

We know that people and the planet are important to you - they're important to us too.

That's why all our new buildings are built to our Swan Standard and have sustainable features as standard, which will help you reduce operational costs whilst realising your ESG ambitions.

The sustainable nature of our buildings also means they are warm, bright spaces in which to work - which is good news for your employees and the environment.

*Let's talk*

At St. Modwen Logistics our aim is simple: to provide our customers with the high-performing space they need to succeed

**Sarwjit Sambhi,**  
**Chief Executive Officer**

"With our Chippenham site, we knew it was going to be our biggest warehouse to date, so the need to appeal to local talent was more pertinent than ever.

We were impressed by the range of wellbeing facilities on offer in the warehouse space, which we saw would make it easier to recruit the best people. We have amazingly rich local amenities – from the park and fitness trail to outdoor seating areas where people can eat lunch together. We have been able to create hundreds of jobs since opening last year in a space where everyone genuinely enjoys coming to work."

**Huboo, St. Modwen Park Chippenham**

# The Swan standard

St. Modwen Parks embody our core purpose – to change places and create better futures.

The Swan Standard delivers improved quality, sustainable and consistent developments across the St. Modwen Logistics portfolio that impact positively on both the environment and local communities.

Through thoughtful and considered design, we have crafted a philosophy that we believe will have positive and tangible benefits for our customers.

High quality office and warehouse specification, designed with the customer in mind, focusing on health and wellbeing, sustainability and net carbon reduction.

- 75% enhancement on building regulations for air leakage
- 30% better than current requirements for embedded carbon
- Delivered by industry leading supply chain
- Sustainable environments addressing wellbeing
- Designed for flexibility and low operational cost
- Quality materials throughout
- Operational life cycle recycling
- Flexible office space for future fitout
- Low energy use
- Net carbon zero embedded
