Rating A

Distinguished by its impressive dock loading door ratio, Sherwood 111 features an exceptionally low site cover of 30%, maximizing operational space.

A generous yard depth of up to 50M ensures optimal efficiency for loading and unloading activities, utilising 25 dock level loading doors and a further 2 level loading doors making it an ideal choice for businesses seeking a high-performance and strategically located logistics facility.

The site also benefits from a secure gated yard with its own gatehouse, a private 104 car parking space area, first floor offices, a large kitchenette, staff dining space and outdoor communal seating space for staff.

Logistics Specialist Lead Location

📍Sherwood111

Sherwood 111 stands out as a pivotal hub for logistics and last-mile operations, strategically positioned with unparalleled access to key regional centres, including Nottingham and Derby City Centre, both within approximately 20 miles.

Positioned just 1.2 miles to the West, the unit offers seamless connectivity to the motorway network through the M1 (J27).

Sherwood Park is just 20 miles away from East Midlands Airport, the UK's largest dedicated cargo air cargo operation which handles over 370,000 tonnes of cargo each year. EMA is a major global hub for DHL, UPS, FedEx and Royal Mail.
